Corporate HQ 101 Corporate Offices

Project Number: C-101 **Year:** 2018 **Stage:** Construction Document- ation

Project Type: New Const.

Project Size: (GSF) 180,000 (GSM) 16,723 **Lot Size:** (GSF) 0 (GSM) 0

Project Cost per: (GSF) \$183 (GSM) \$1,973 **# of Floors:** 6 **Height:** 93 F 28.35 M

Building Type: Office **Code Year:** 2015 **cGMP:** No

Use Type by %: 50% Office, 41.67% Building Support, 8.33% Office Support

Occupancy by %: 100% Business

Project Description: Corporate Headquarters relocation project to consolidate corporate executives and senior management with corresponding business departments into a single facility. It is intended to be a showcase facility for the company's many clients and visitors.

FBT Score: **1.74**

(The FBT score is the average of all engineering standard selection levels optioned for the project. Scores closest to 1 indicate a high number of baseline standards, scores closest to 3 indicate a high degree of building complexity.)

The following is a list of engineering standards optioned for this project along with explanatory notes and symbols illustrating the cost, schedule, and sustainability impacts of the selection. P = pre-baseline standard, B = baseline standard, E = enhanced standard, I=Intricate standard. In the impact columns, a single symbol indicates low impact, double is medium impact and triple is high impact.
